Context for Item Nos. 5 and 6

Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ('SEBI Listing Regulations'), as amended vide SEBI (Listing Obligations and Disclosure Requirements) (Sixth Amendment) Regulations, 2021, effective April 1, 2022, states that all Material Related Party Transaction ('RPT') with an aggregate value exceeding ₹1,000 crore or 10% of annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower, shall require approval of shareholders by means of an ordinary resolution. The said limits are applicable even if the transactions are in the ordinary course of business of the concerned Company and at an arm's length basis. The amended Regulation 2(1)(zc) of the SEBI Listing Regulations has also enhanced the definition of related party transaction which now includes a transaction involving a transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand, regardless of whether a price is charged or not.

It is in the above context that Resolutions Nos. 5 and 6 are placed for the approval of the Shareholders of the Company.

Item No. 5**Background, details and benefits of the transaction**

Tata Steel Limited ('TSL') is the promoter and the holding Company of Tata Metaliks Limited ('TML') and is one of the largest steel producing companies in the world.

TML procures various materials and products from TSL such as raw materials (iron ore, coal, coke, fluxes etc), finished goods (rebar, sheets etc.), scrap, stores and spares, automation systems etc. for smoothening business operations. TSL also avails various services in the area where TML has the required expertise or facilities. TSL also provides various services to TML such as IT maintenance, leasing of premises and assets, project management consultancy, deputation of employees with relevant expertise and skills, training and other services in the area where TSL has the requisite expertise.

As TSL has multiple mines, consistent and cost effective supply of raw materials becomes easier for the comparatively smaller volume of your Company. Bulk procurement from TSL ensures consistency in obtaining bulk raw materials for production with established supply chain which is essential for uninterrupted operations and increased productivity of the Company.

As part of Tata Steel Group Strategy, TML enters into various transactions with Tata Steel including purchase and sale of required goods, rendering and availing of services and other transactions.

These transactions, not only help smoothen business operations for both the companies, but also ensures consistent flow of desired quality and quantity of material without interruptions. These transactions also help in generating revenue and enhance business operations for each other. These transactions are on arm's length and in the ordinary course of business of the Company.

The management has provided the Audit Committee with the relevant details, as required under law, of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has granted approval for

entering into RPTs with TSL for an aggregate value of up to ₹ 1,850 crore to be entered during FY2022-23. The Committee has noted that the said transactions will be on an arms' length basis and in the ordinary course of business of the Company.

Accordingly, basis the review and approval of the Audit Committee, the Board of Directors recommend the resolution contained in Item No. 5 of the accompanying Notice to the shareholders for approval.
